JOB EXPERIENCE

2014-NOW · UI/UX Designer
FREELANCE

I began my career in logo design and print media, gradually expanding my skills to include illustrations and animated graphics. Evolving further, I honed my expertise to excel in crafting top-notch web design solutions.
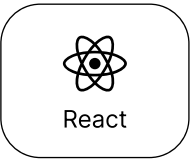

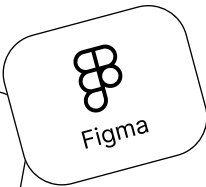

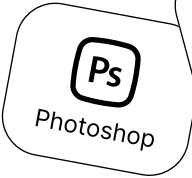

2019-NOW · Front-End Developer
FREELANCE

Web design alone wasn't sufficient for me—I strived for perfection and extended my expertise into Front-End development to ensure every detail resonated with excellence.
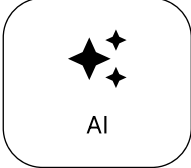

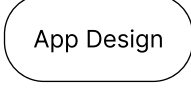

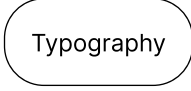

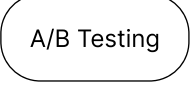

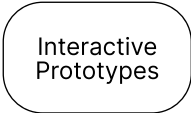

2020-2023 · UI/UX Designer
DIZAINO KRYPTIS

I refined A/B testing strategies to optimize websites and interfaces, continuously improving my HTML/CSS skills for elevated design standards. In addition, I successfully collaborated on governmental projects while delivering innovative solutions. My commitment to staying current with industry trends and emerging technologies ensures that my designs exceed client expectations with a focus on accessible design.
